Bonding Capacity

\$15M single
\$75M aggregate

Electrical Division

DDI Southeast, Inc. has over 35 years of experience performing a very diverse portfolio of electrical distribution & lighting system construction, repair and modification projects as both a prime contractor and subcontractor. Our primary customer/end user is the United States Federal Government with agencies such as the U.S. Army Corps of Engineers, The U.S. Air Force, NASA, The Department of the Navy, Department of the Army, USDA, USPS, USCG as well as state and local municipalities. We also work closely with select General Contractors as an electrical contractor. As a subcontractor, we strive to support our General Contractor partners to succeed by competing and performing at consistently high levels. Our experience in the commercial, industrial, and power distribution markets offers our customers a full-service solution for turnkey projects of a complex nature. DDI Southeast is responsive, competitive, and professional with the ability to self-perform electrical, site, civil, structural, HVAC and building construction relative to our scope of work. Our focus is on infrastructure, distribution and building projects of a very diverse nature. DDI Southeast is a Florida State Licensed Unlimited Electrical Contractor.

Building & Infrastructure

- Government / Military Projects (Federal, State, Municipal)
- Fire Alarm, Security, IDS, ACS
- Water & WWTP Projects
- Data Centers
- Airport Display & Control
- Design/Build & Conceptual
- Industrial Projects for Chemical, manufacturing & process facilities
- Sports Lighting
- High Mast Lighting
- VDC / BIM Coordination
- Data & Communication networks
- Baggage Handling Systems
- SCIF Facilities
- IDIQ / MATOC & SABER

Transmission Distribution, Generation, Energy

- SCADA Systems
- Substation Construction
- Power Generation
- Wind & Solar Energy Projects
- Low Voltage Switchgear
- Pad Mounted Transformers
- Unit Substations & Repair
- Overhead to Underground Conversions
- Medium Voltage Distribution, Duct Banks, Manholes
- Medium Voltage Switchgear
- Central Energy Plants
- Generators, Peak Shaving & Paralleling Systems
- Pumping Stations

Airfield Lighting

- PAPI Lighting
- High Intensity Approach Lighting Systems
- Medium Intensity Approach Lighting Systems
- Runway & Taxiway Edge Lighting
- Airfield Signage
- Apron Lighting
- Heli Port Lighting
- Threshold Lighting
- Airfield Lighting Vaults
